ABOUT HARRY BROWNE:

An economist and investment counselor, Browne accurately predicted the devaluation of 1971 in his first best-selling book How You Can Profit from the Coming Devaluation (Arlington House, 1970), as well as the monetary crisis we are now undergoing.

His second best-seller, How I Found Freedom in an Unfree World (Macmillan, 1973), offers his personal philosophy along with advice on avoiding incursions from government and other sources; ways to be free "from whatever may be preventing you from living your life as you want to live it."

In his forthcoming book, You Can Profit from a Monetary Crisis, to be released by Macmillan in January, 1974, he will present detailed explanations of monetary systems and investments, discussing ways investors can plan ahead intelligently in spite of an unpredictable world money situation.

In the seminar "YOU CAN PROFIT FROM A MONETARY CRISIS":

Browne will update the prophetic revelations he presented in 1970, in How You Can Profit from the Coming Devaluation.

Included will be such matters as:

- . When will the crises end?
- . How far will the dollar drop?
- . How to plan your own crisis-proof investment program;
- . Analyses of the major foreign currencies -- with suggestions for safety and profit from little-recognized gold-backed currencies;
- . How high will gold and silver go?
- . When to sell the recommended investments;

And much more. And plenty of time for questions.

Fees: \$150 per person, \$250 per couple (10% discount for full payment in advance ONLY for reservations postmarked up to ten days prior to date of seminar).

Special discounts available for groups of ten or more. Write to Rampart College, Box 11407, Santa Ana, CA 92711 - or phone (714) 835-2505.
